

The Bell Tower

The weekly electronic newsletter from All Saints-by-the-Sea

January 10, 2018

Dear All Saints Family:

As you know, Montecito was devastated by yesterday's flooding and mud flow. We have heard from many of you and know that some have been heavily impacted. We are also receiving questions about what can be done to assist members of the parish.

Therefore, we are sending this email survey to ascertain your status/needs and collect offers of assistance. We are also reaching out by phone. **Please reply to this email with your responses to the following questions.** Your replies will go directly to Kathleen Bright, our Director of Administration. Once we understand needs and offers of assistance, we will communicate further.

If you would like to speak to a member of the clergy, please call or text Rev. Vicki on her cell: 310-625-7364 (note she is unable to receive emails at this time, so until further notice please use info@asbts.org to reach the office or clergy). Due to intermittent power outages, you may not be able to get through to the Church Office.

You continue to be in our hearts and on our minds.

1. In a few words, please say how you are doing?
2. What is/are your cell phone number(s)?
3. What is your status and where are you located?
4. Are you in a temporary situation, eg., shelter or short-term stay with friends, or are you able to stay in your current situation for the foreseeable period?
5. What specific needs do you have at this time?
6. If you are unaffected by the fires or flooding, can you offer members of the

parish a place to stay (state if short term or longer term) or provide other types of assistance?
